

4th IWA Resource Recovery Conference 2021 FIRST ANNOUNCEMENT

First Announcement

5-8 September, 2021, Istanbul, TURKEY

İTÜ

WELCOME TO ISTANBUL

It is our honor and pleasure to host 4th IWA Resource Recovery Conference in Istanbul, TURKEY. As co-chairs of the Conference, we sincerely hope that you will join us at the conference, and look forward to welcoming you and your colleagues in Istanbul, Turkey in September 2021.

Resource Recovery concept has gained a high interest in the last decade since the driving forces such as population increase and economical activities cause pressure on natural resources. In addition, climate change has adverse impacts on water resources. All these facts force us to avoid/reduce pollution and contribute to sustainable development. Resource recovery provides economic gains and directly contributes to pollution prevention. Therefore, there is an urgent need to raise awareness on circular economy and sustainable development in Turkey and all over the world.

We are confident that this event will strongly contribute to maintaining further improvement of resource recovery concept-from theory to practice, in the future.

Turkish people are always happy to have guests and we will welcome you with Turkish hospitality. We sincerely look forward to seeing many attendants from across the world.

Assoc. Prof. Dr. Goksen CAPAR

Prof. Dr. Ismail KOYUNCU

Co-Chairs of the Local Organizing Committee

Dear Colleagues,

As Chairs of the IWA Resource Recovery Cluster, it is our honor to announce the 4th Resource Recovery from Water Conference in the beautiful city of Istanbul hosted by Ankara University and Istanbul Technical University.

We sincerely hope that you will join us at the conference and look forward to welcoming you and your colleagues in Istanbul in September 2021.
